Welborn, of the Chester, was not to blame, therefore no suspension to him. The mer-chants and planters in the neighborhood of Alexandria and Pineville, on Red river, have petitioned Captain Joseph A. Aiken, presilent of the pool-line, to reduce the freight on otton from those points to New Orleans, during a high stage of water, from one dollar and fifty cents per bale to one dollar." We have received the following communieation from one of our most respectable citizens, who was a passenger on board the Cherokee at the time of the sickness and death of the young man from Newport, Kentucky, which puts another and more favora-ble light on the matter, and contradicts the charges of ill-treatment alleged against the officers of that boat: "The man was taken, as suppose, with a congestive chill in the night, and early the next morning Mr. A. Byers, clerk of the boat, requested me to go with him to see if anything could be done for him. We found him in an insensible condition and speechless, unable to swallow even liquid. A neighbor of his, a deck-hand on the boat, was detailed and ordered to give him his whole attention, and I take pride and pleasure in saying that I believe every officer on the boat whose duty it was to do so did all in his power to relieve the sick man's sufferings. As soon as possible a coffin was made and the man buried decently, true on the bank of the river because of the sanitary restrictions at Mem-phis, forbidding the landing of a dead body. These are the material facts.' In view of the respectability of our correspondent, we take pleasure in publishing his statement, which entirely exonerates the officers of the Cherokee from the very serious charges alleged against them by our morning cotemporary's Helena correspondent. Iron Cotton-Ties-Important Specia Notice. Notice.

In view of the constantly increasing popularity and demand for the Celebrated Arrow-Tie, the universally recognized favorite Tie of planters, cotton-pressmen and shippers of cotton generally, the American Cotton-Tie Co. Limited, sole proprietors and manufacturers of said Tie, commanding unequaled facilities, have, in addition to their large stock now on hand, contracted for increased quantities, sufficient to meet the largest demand for Cotton-ties to cover the entire crop of the coming season, and now, through their agents generally, offer the popular and irrepressible Arrow-Tie at \$2.50 per bundle, less 2½ per cent. discount for cash. In bundles complete, being less than the market value of plain hoop-iron; and it being the purpose of the company to merit the continued patronage of the pianting community, and defy all competition that may arise, their agents are in structed to contract with dealers, factors and country merchants, at the above-named price and terms for future delivery, up to the 1st August in quantities as may be required from time to time, settlements being made on delivery. JULY 4, 1877. The University is Hereafter Entirely Free Rubber Pipe. The only fee paid by students is one of \$10 per session, for fuel, by those who room in the dormitories, and of \$5 per session by those who room elsewhere.

Board of excellent quality may be had at \$10 and \$12 per month, by paying monthly, in advance. The necessary expenses of a student, omitting books and clothing, need not, therefore, exceed \$125 to \$150 per session. The departments of Chemistry and Natural History, and of Physics and Astronomy, are provided with a good supply of apparatus for experiment and illustration. The University, Law and Society Libraries, contain several thousand volumes, and will be increased. The course of instruction is thorough, and the Faculty is composed of able, experienced, christian men.

The University occupies a beautiful site, near the village of Oxford, in the midst of an exceptionally healthy section of country; and is, in a measure, free from those seductive influences by which so many young men are led astray in our cities and large towns.

The Law Department has been reorganized, and will be open for the reception of students at the beginning of the next session.

For healthfulness and beauty of location, the facilities it affords for the acquisition of a thorough education, the moral and christian influences thrown around young men, and for Cheapness, this institution is not surpassed by any of like grade in the United States.
